## About Arzel Fashion Handicraft

Since 2015, Arzel Fashion Handicraft has been dedicated to crafting exquisite, handmade woolen products that blend Nepal's rich textile heritage with contemporary design. Founded by Bishnu Prasad Arjel, a veteran with nearly 30 years of experience in the woolen and felt industry, our brand stands as a testament to passion, quality, and community.

Born from a deep respect for traditional craftsmanship, Arzel Fashion Handicraft is more than just a manufacturer—we are a movement committed to sustainability and social empowerment. By working closely with local women and homemakers, we create meaningful opportunities that uplift families and preserve artisanal skills.

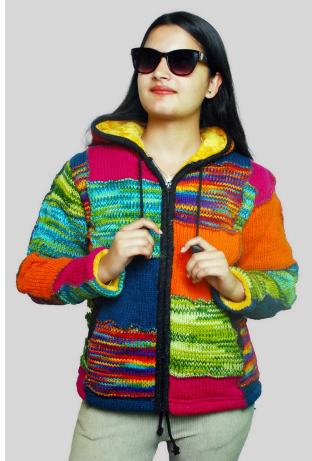

Every product we craft carries the warmth of Nepal's culture, embodying care, tradition, and ethical production. At Arzel Fashion Handicraft, we don't simply create woolen goods; we weave stories of heritage, empowerment, and timeless style for customers around the world.
